

## **COOCVE President's Report – November, 2025**

The month of November reminds us to be thankful for all the good we experience in our lives. We are thankful to live in a peaceful and beautiful village in south Florida. We are thankful for the many opportunities we have here for sports & swimming, clubs & card rooms, entertainment, classes, studios for woodworking, stained glass, pottery, and much more. We are thankful to live in a safe environment.

As residents we have the opportunity and the responsibility to take part in the running of our community. This month a list of candidates will be published for the three boards that run CVE: Master Management, CenClub, and COOCVE. Please take time to research and reflect on which candidates will best serve our village. Each building has COOCVE Directors who will vote on those candidates in January. Make sure your building has its allotted number of Directors and encourage them to vote.

COOCVE continues to support Owners and Board Members by providing seminars, updates on new laws, fact sheets on important topics, and a website full of information. On Nov. 20 we will have a presentation by arborist Mike Freedman about Selecting & Growing Trees in CVE. It will be presented live at 2:00 pm in the Clubhouse Room GP-A. Come and learn about what trees and shrubs grow best for each location, and how to care and nurture them.

Looking forward to seeing all you returning residents this Fall. Stop in the COOCVE office on a Wednesday or Thursday and say hi.

Macky Bachelor
